

OPEN/PUBLIC TELECONFERENCES DATES AND TIMES 2007

During 2007, three teleconferences will be available to anyone who would like to attend, whether they are participating trainees or not.

These times will provide opportunities to discuss general issues to do with the practice of Urban Mysticism, the Network, personal issues, techniques, and guide lines for developing or maintaining a meditation practice, stages in the unfolding of awakening, and anything else that participants wish to discuss. Ken, Elizabeth (or other people from time to time) may give a brief presentation as part of the conference.

REGISTRATION

Those who wish to participate in a group or several groups will need to register beforehand. You can do this by contacting the Network via telephone, fax, email or letter (see the contact details below), or by using the online registration on the Website

COST, DURATION, DATES AND TIMES

The cost is still to be worked out and, to some extent, will depend on the support we get for these sessions. The more people register, the cheaper they can be.

Each session will be two hours. This is partly because we expect that many people could attend and two hours gives people more of a chance to participate.

The dates and times are listed below for the Practitioner Training Group.

REMEMBER YOUR REGISTRATIONS

Once you register for a teleconference, you will be charged, as we need to make arrangements according to your proposed participation.

SOME GUIDELINES

1. When you want to talk, say your name first, so others know who is talking; for example, "Ken here. I'd like to say ..."
2. When you wish to reply to someone else use your own and the other person's name; for example, "Ken here. Elizabeth, I was wondering ..."
3. When anyone asks a question, especially the leaders, please answer verbally; for example, "Does anyone have anything more to say on that issue?" Answer, "Yes/No". Because we can't see each other, nodding and shaking the head, smiling or scowling have little communication value.
4. Have as much fun as you can.

CONTENT: This is an opportunity to ask your questions. Lots of people write long emails to Ken and Elizabeth, which are fine; but they cannot get the answers Ken and Elizabeth would like to give through this means. The Open/Public teleconferences provide opportunities for people to ask their questions and get much more in a short amount of time.
